

Lakes Region Planning Commission Meeting  
Monday, September 26, 2016  
6:00 P.M.

Dear LRPC Commissioners, Town Administrators/City Managers, Selectboards/City Councils, Planning Boards, and Interested Parties:

On Monday, September 26, 2016 at the Meredith Community Center, 1 Circle Drive, Meredith, NH the Lakes Region Planning Commission will hold its regular commission meeting to discuss SmartPower and the Solar Up NH program. SmartPower is the nation's leading non-profit marketing firm dedicated to promoting clean, renewable energy and energy efficiency. Their mission is to help Americans make smart energy choices by creating on-the-ground campaigns that engage the public and generate measurable energy actions. Southern New Hampshire Planning Commission and SmartPower have teamed up to provide Solar Up NH to communities in the state. This Round 3 of the program is focused on the SNHPC Region before Solar Up NH is taken out statewide to other interested Regions in the state. The program is designed to help accelerate the growth of residential and commercial solar across our region using a proven model – Solarize.

Toni Bouchard is the Chief Operating Officer of SmartPower. As COO Bouchard oversees all of SmartPower programs, manages SmartPower's diverse and nationwide staff and represents the company with clients, contractors and consultants. During her tenure, with an investment of just \$3.5 million, Bouchard grew SmartPower's award-winning "Solarize" campaign into \$100 million of installed solar. Bouchard received her B.A. at Western State College in Colorado, her Master's at the State University of New York and an M.B.A. from Columbia University in New York City.

Jack Munn is the Chief Planner at the Southern NH Planning Commission in Manchester, NH. Jack has served the SNHPC region's municipalities since 2001 by providing various services in community and economic development and environmental planning. Jack received his Master's in Urban and Regional Planning from Virginia Tech and his Bachelors in Geography and Sociology from Ohio Wesleyan University. Jack was instrumental in working with Toni and SmartPower to bring Solar Up NH to the SNHPC Region in 2015 and to ensure its success.

Please join us on Monday, September 26, as this is an excellent opportunity to learn and share information. All LRPC meetings are open to the public. For additional information or special accommodation, please contact the LRPC: 279-8171 x10 or [lrpc@lakesrpc.org](mailto:lrpc@lakesrpc.org).
