

Drinking Water Protection in the Ossipee Watershed
Thursday, May 7th 6-8 p.m.
Madison Library

- 6:00-6:15 *Why Watershed Planning?*
Bob Morency, RCAP Solutions
- 6:15-6:30 *What is an Aquifer Overlay & How Can it Benefit Our Town?*
Erica Anderson, LRPC & John Shipman, Ossipee Watershed Coalition
- 6:30-6:45 *What are the Greatest Threats to the Ossipee Aquifer?*
Dr. Robert Newton, Smith College & Barnes Aquifer Steering Committee,
- 6:45-7:00 *Vulnerability Analysis of the Ossipee Aquifer*
Mia Akaogi, UVM Graduate Student
- 7:00-8:00 *Town Planning Work Group Session*
Steve Whitman, Jeffrey H. Taylor & Associates

*Participants will work with GIS maps to show priority areas and drinking water systems to protect in their town. What are the top threats in your town? Which public water systems, residential developments, and aquifer recharge areas should be protected and from what activities?

*Q&A session for FAQ's on aquifer ordinance/overlay for speakers
