

## Lakes Region Planning Commission Area Meeting

**January 28, 2008**  
**Southern NH University, 2 Airport Road**  
**Gilford, NH**  
**6:00 P.M.**

Dear LRPC Commissioners, Legislators, Municipal Officials, and Interested Parties:

Over the past year, the NH State Ten Year Plan has been the focus of considerable attention. It has been dramatically reduced in size and value, and is now in the legislature where it must be approved. Many long standing projects in the Lakes Region have been removed and deferred past the year 2018. Additional projects still have a chance of being dropped. On Monday, January 28, the LRPC will host representatives from the NH DOT, A Safer Road to Tomorrow, and the legislature to talk about the status of the Ten Year Plan, the challenge to find revenue to preserve and enhance the state's transportation system, and the need for the state to authorize additional bonding to fund all of the projects in the plan. A new filmed presentation on the condition of the state's highways and bridges will be shown, with opportunities for questions.

In addition, LRPC Commissioners will be asked to approve the 2008 update to the Lakes Region Transportation Plan. This plan provides the policy guidance for the Commission's transportation strategy. All LRPC Commission meetings are open to the public. Please contact us at 279-8171 or [lrpc@lakesrpc.org](mailto:lrpc@lakesrpc.org) if you have any questions.
